CUSTOMER MANAGEMENT

- 1. HOME PAGE:** The page is the home page of the website. User of the website is required to login in the website using an authenticate pair of user's email id and password.

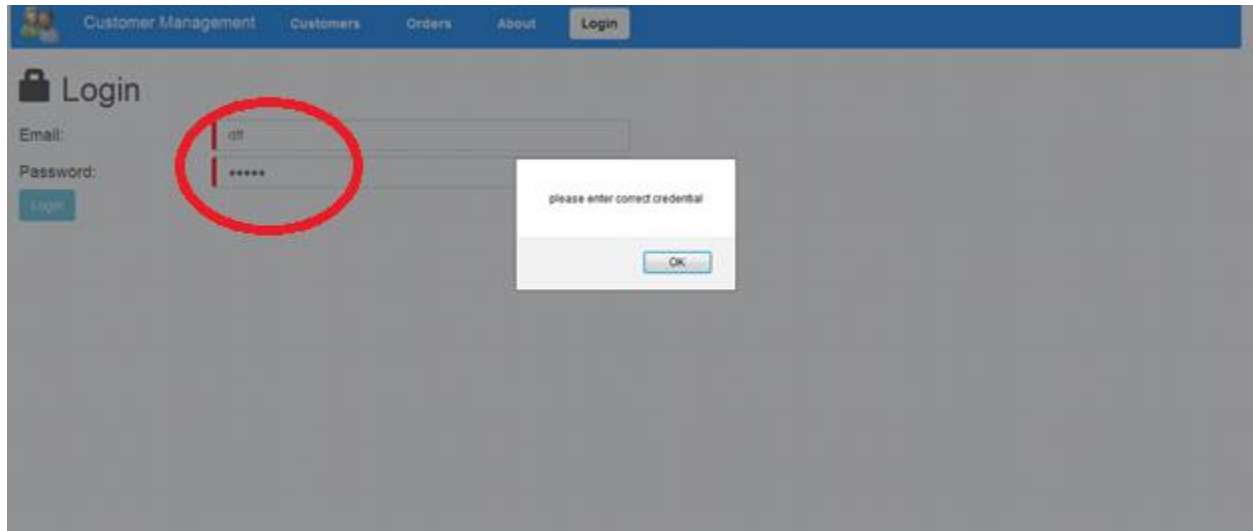

The screenshot shows the home page of the 'Customer Management' website. The header is blue with a navigation bar containing links: 'Customer Management', 'Customers', 'Orders', 'About', and 'Login'. Below the header, there is a 'Login' section with a briefcase icon. It includes two input fields: 'Email:' with a placeholder 'Enter email' and 'Password:' with a placeholder 'Enter password'. A blue 'Login' button is positioned below the password field.

- If the user doesn't enters the credentials, an alert is popped out showing an error" Password and Email null".

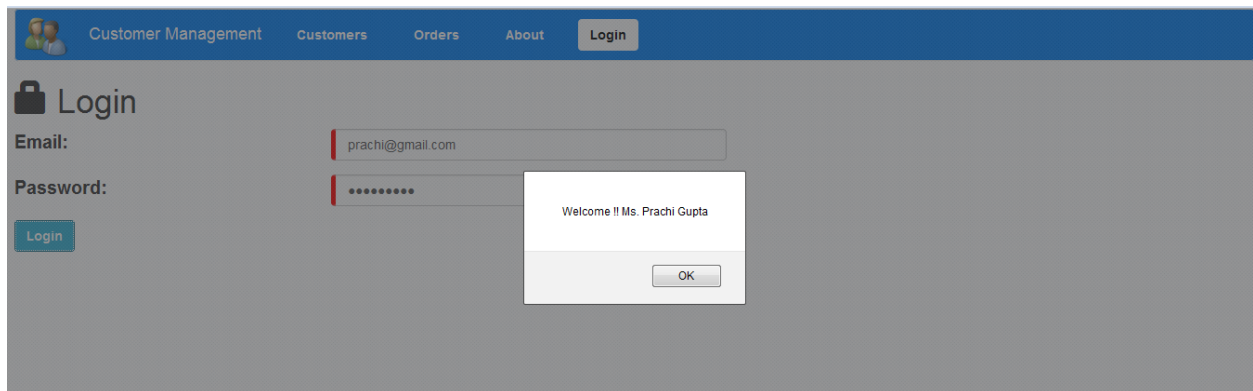

This screenshot shows the same login page as before, but with an error alert displayed. The alert is a white box with a grey border, containing the text 'Password and Email null' and an 'OK' button. The background of the page is dimmed to grey when the alert is active.

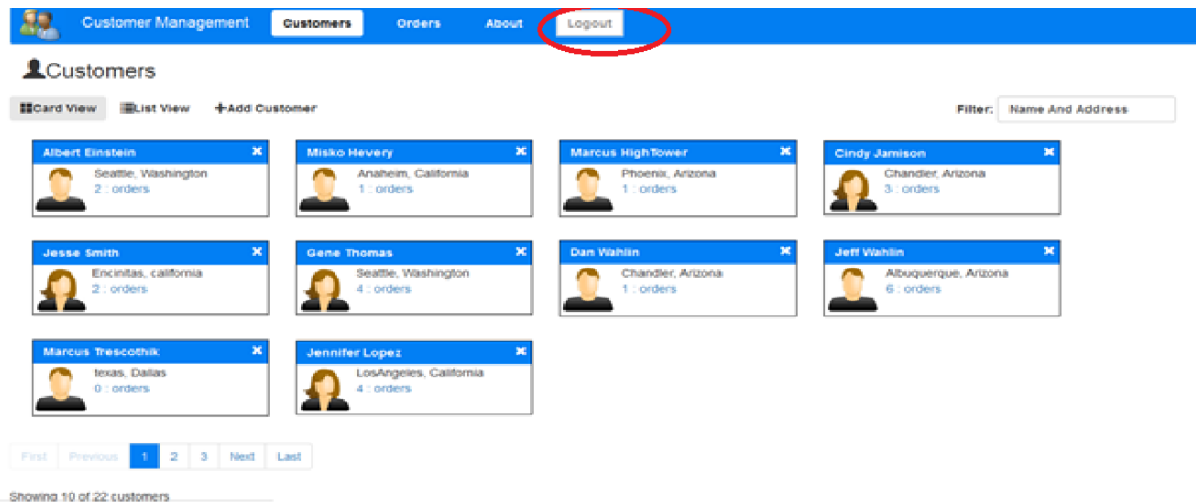

- If the user doesn't enter the authenticate credentials, an alert showing an error "please enter correct credential" is popped out.

- When correct authenticate credentials are entered, user is successfully logged in to the website.

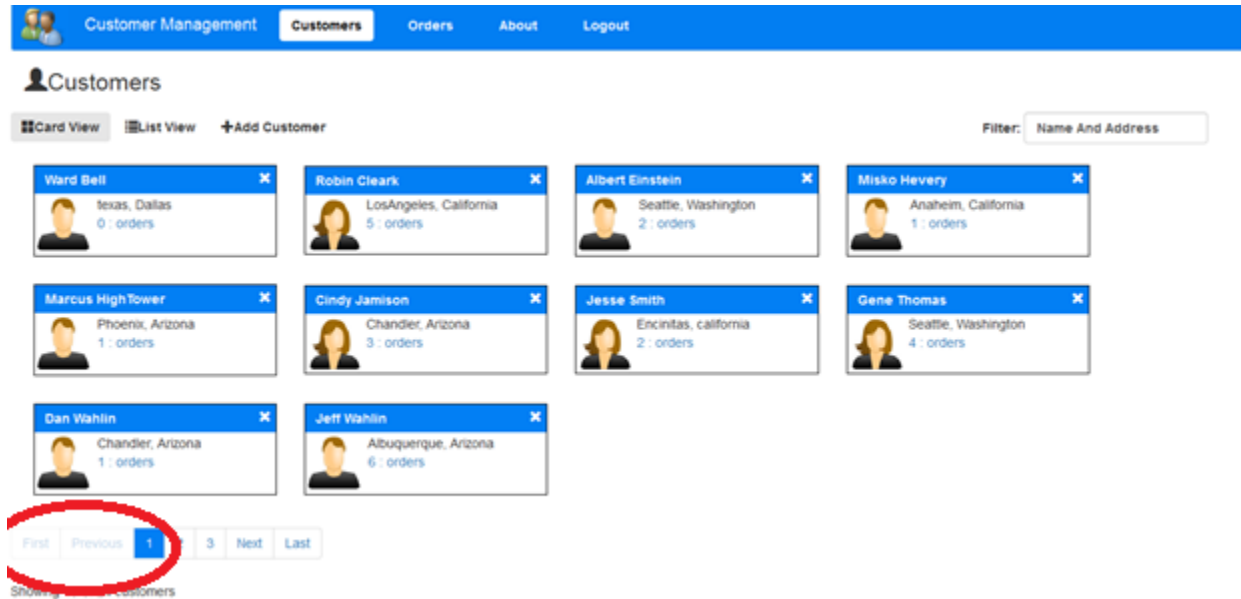

- As a user is logged in into the website Login button gets changed to Logout. Logout button when clicked, as the current user is logged out, redirects the page to the login page.

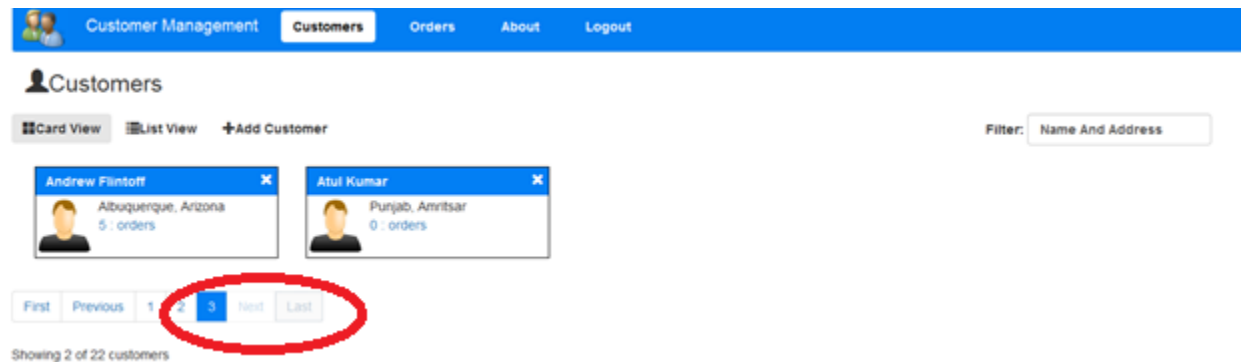

2. Customers' CardView: After logging in we are directed to the Customers' Card View.

- In this page:-
 1. when first page is active then Previous and First buttons are disabled

2. When last page is active then Next and Last buttons are disabled.

- When clicked on Add Customer button, the page is directed to Add customer page.

The screenshot shows the 'Customer Management' page with a blue header bar containing 'Customer Management', 'Customers', 'Orders', 'About', and 'Logout'. Below the header, the 'Customers' section is active. It features a 'Card View' button, a 'List View' button, and a red-circled '+Add Customer' button. A 'Filter: Name And Address' input field is on the right. The main area displays a grid of customer cards, each with a profile picture, name, location, and order count. At the bottom, there is a pagination bar with 'First', 'Previous', '1', '2', '3', 'Next', and 'Last' buttons, and a status message 'Showing 10 of 21 customers'.

Customer Name	Location	Orders
Albert Einstein	Seattle, Washington	2
Misko Hevery	Anaheim, California	1
Marcus HighTower	Phoenix, Arizona	1
Cindy Jamison	Chandler, Arizona	3
Jesse Smith	Encinitas, California	2
Gene Thomas	Seattle, Washington	4
Dan Wahlin	Chandler, Arizona	1
Jeff Wahlin	Albuquerque, Arizona	6
Marcus Trescothik	Texas, Dallas	0
Jennifer Lopez	Los Angeles, California	4

- Following is the Add Customer page where details can be entered in the form to add a customer.

The screenshot shows the 'Add Customer' form with a blue header bar containing 'Customer Management', 'Customers', 'Orders', 'About', and 'Logout'. The form title is 'Add Customer'. It includes input fields for 'First Name', 'Last Name', 'Email', 'Address', 'City', and 'Zip'. The 'Gender' field has radio buttons for 'Female' and 'Male'. The 'State' field is a dropdown menu. At the bottom, there are 'Add' and 'Cancel' buttons.

- To add customer details, click the Add button, similarly, click the Cancel button to cancel the form

The screenshot shows the 'Add Customer' form in the Customer Management application. The form is titled 'Add Customer' and includes fields for First Name, Last Name, Gender, Email, Address, State, City, and Zip. The 'Add' button is circled in red.
